

THE NEW PIXMA G6070, G5070 AND GM2070

HANDLE HIGH VOLUME PRINTING AT A BREEZE

Up to **8,300 B/W pages** and **7,700 colour pages**

The new PIXMA G6070, G5070 and GM2070 deliver high page yield at an incredibly low cost for exceptional productivity. Now with the PIXMA GM2070, you can print black-and-white document that is economical for your printing budget.

LARGE PAPER CAPACITY FOR MORE CONVENIENCE

Load up to 350 sheets of paper for any heavy print job, eliminating the need to reload paper frequently. The small see-through window at the front allows you to check if the cassette is running out of paper.

HIGH IMAGE PRINTING QUALITY IN PLAIN AND GLOSSY PAPERS

With the new black pigment ink, the new G-series printers deliver laser-like print quality that has sharp and crisp black text. The G6070 and G5070 also print vibrant borderless photo up to A4 size.

FAST, NO-MESS INK FILLING

The new ink bottle automatically stops filling when the ink reaches the designated level. Together with the tank cap that is designed to open and close tightly and effortlessly, the entire ink filling process is fast, clean and splatter-free.

Specifications are subject to change without notice.

- Ink droplets can be placed with a pitch of 1/4800 or 1/600 inch at minimum.
- Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734. Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.
- Paper types NOT supported for borderless printing are as follows: Envelope, High Resolution Paper, T-Shirt Transfer, Photo Stickers.
- Twain driver (ScanGear) is based on the TWAIN specification V1.9 and requires the Data Source Manager comes with the operating system.
- Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.
- Copy speeds are the average of sFCOT and sESAT, ISO/IEC 29183. Copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used etc. and does not take into account warm up time.
- Black & white document fax transmission speed is based on default setting using ITU-T No.1 chart. Colour document fax transmission speed is based on default setting using Canon Color Fax Test Sheet. Actual transmission speed may vary depending on document complexity, fax settings at receiving end, and line conditions etc.
- Page count is based on ITU-T No.1 chart or Canon FAX Standard Chart No.1.
- Page yields may vary depending on content coverage, print settings, temperature, humidity, and frequency of printing.
- Declared yield value is the estimated value based on Canon individual test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement ink bottles after initial setup. The colour yield is based on 1 set of composite colour bottles.
- The Economy mode reduces the ink consumption by lowering the density. More pages can be printed using this mode.
- Declared yield value is the estimated value based on Canon individual test method using the ISO/IEC 19752 monochrome chart and continuous printing simulation with the replacement ink bottle after initial setup.
- Declared yield value is in accordance with ISO/IEC 24711, using the ISO/IEC 24712 colour chart. Values obtained by continuous printing. This product is a monochrome inkjet printer. Print colour document with optional colour cartridge. Once the installed colour cartridge is empty, please replace with the contact protector or a new colour cartridge.
- Declared yield value is the estimated value based on Canon individual test method using the ISO/IEC 29103 chart and continuous printing simulation with the replacement ink bottles after initial setup. Black ink is not used when printing under this condition. However, a minimal amount of black ink is used for maintenance purposes.

Note: All printers work in Operating Environment of Temperature: 5-35°C; Humidity: 10-90% RH (no dew condensation). All printers work in Storage Environment of Temperature 0-40°C; 5-95% RH (no dew condensation).

PIXMA G SERIES

PRODUCTIVITY
AT ITS BEST
HIGH-YIELD HIGH VOLUME PRINTING

PIXMA GM2070

UPGRADE YOUR PRINT PRODUCTIVITY **AT HOME OR IN THE OFFICE**

PIXMA G6070

Refillable Ink Tank All-in-One
for High Volume Printing

Ideal for Businesses with Heavy Print Requirements

- Print, Copy, Scan
- 2-Line LCD
- Auto duplex printing
- ID card Copying
- Borderless photo printing (up to A4 size)
- Wireless/Wired LAN, Wireless Direct
- Mobile & Cloud printing

PIXMA G5070

Refillable Ink Tank
for High Volume Printing

- Print
- 2-Line LCD
- Auto duplex printing
- Borderless photo printing (up to A4 size)
- Wireless/Wired LAN, Wireless Direct
- Mobile & Cloud printing

PIXMA GM2070

Refillable Monochrome Ink Tank
for High Volume Printing

Perfect for Businesses with Heavy B/W and Occasional Colour Printing

- Print
- Print even without colour cartridge
- Auto duplex printing
- Wireless/Wired LAN, Wireless Direct
- Mobile printing

The monochrome printer, GM2070 comes with an option for colour printing. Simply install a compatible colour ink cartridge whenever printing of colour document is required.

Great for Small Offices

Refillable Ink Tank All-in-One with Fax for High Volume Printing

- Print, Copy, Scan, Fax
- 2-Line LCD
- Borderless photo printing (up to A4 size)
- 20-sheet auto document feeder
- ID card copying
- Mobile & Cloud printing

Best for Student Use

Refillable Ink Tank All-in-One for High Volume Printing

- Print, Copy, Scan
- 1.2" Segment LCD
- Borderless photo printing (up to A4 size)
- Mobile & Cloud printing

Refillable Ink Tank All-in-One for High Volume Printing

- Print, Copy, Scan
- Borderless photo printing (up to A4 size)
- Mobile & Cloud printing
- Bundled with 2 additional black ink bottles

Refillable Ink Tank All-in-One for High Volume Printing

- Print, Copy, Scan
- 1.2" Segment LCD
- Borderless photo printing (up to A4 Size)

Perfect for Micro Businesses

Refillable Ink Tank for High Volume Printing

- Print
- Borderless photo printing (up to A4 Size)
